Linus (spoken):  
Well, as Lucy always says, he isn't much of a dog.

Snoopy (Spoken):  
But, after all, who is?

All (sung):  
Don't be the tail if you be the dog. Don't be the bump if you can be the log.  
He can wag his tail but he can's wag he. A bump without a log isn't much to be.  
Better to be the dog and the log and the kite and the light and the three and bee  
and the cow and plow and the drum and plum and the coat and the boat  
and the bird and the sky and the tree!

Snoopy:  
And the deep blue sea \*growls\*

All:  
Don't be anything less anything than you can be!
